Winspire Testimonials

Make-A-Wish Foundation, Southern Alberta Canada

"We recently used Winspire for the Make-A-Wish Foundation Southern Alberta chapter's charity auction. The packages Winspire offered were very unique opportunities and "once in a life time" trips which attracted peoples bids at our event. The whole process was surprisingly very simplistic, organized and professional. Our representative was there to help us every step of the way and answer any questions we had. We were very impressed with the overall experience of using Winspire and the services they provided. We will recommend them to others who plan to carry out a charity fundraiser event."

Dream Center

"We got a late start on procurement. Winspire came to our rescue with great packages for our event and turned it into a spectacular success! The auctioneer that was provided went above and beyond, as he took the time to learn about our organization and understood the urgent need that we were attempting to meet within the community; the reason for our fundraiser. Winspire worked with us to select the items for our auction and were available to us by cell for last minute questions even minutes before the auctioneer took the stage. We will definitely use Winspire again and would recommend their services to any organization planning an auction. I look forward to working with Winspire again next year!!"

Hedge Funds Care

"Winspire has enhanced the quality and appeal of our auctions through their wide selection of attractive items, extremely affordable pricing, and prompt customer support."

"Our non-profit organization used Winspire to better utilize our silent auction for a dinner fundraiser we were having. Our experience with Winspire was excellent to say the least. Their staff was very courteous and knowledgeable and helped walk us through the entire process. The items Winspire had to choose from for the auction were great. They covered something for everyone. The process of getting these items from Winspire to our bidders was professional and diligent. We would highly recommend Winspire to other organizations. We plan on using them for years to come."

T.J. Martell Foundation

"Working with Winspire has been nothing but a positive move for us. Not only did we make money, but it was actually quite effortless on our part. The staff is so nice and efficient, they did all the work for us. We are looking forward to our next event so we can use more of their incredible items for our auction. This is nothing but a win...win....situation!"

Foundation of the AAGL

"We found that Winspire was very flexible and accommodating for our needs. This was the first Silent Auction conducted by our organization, and we used the Risk-free Items. We had only four months to put together an exciting and viable auction, and they provided the exotic vacations and fun excursions we were looking for all in one place. We had plenty of questions along the way and the staff at Winspire was always willing to lend their expertise and advice to partner with us in making our event a success! We have recommended their services to others, and plan on using them as we make our plans for next year."

Bay Park Community Hospital

"I have been to many fund raisers where I have bid and won vacation packages. It was not until that I won the New York City Package, purchased through Winspire that I realized what I was missing in past trips. From the beginning, Winspire was very hands on in helping me arrange my trip and making sure that there were no problems. Once arriving in New York the only thing I had to worry about was arriving on time to the Broadway Production and the dinner that was included in the package. The accommodations at the Hilton were beyond my expectations. The process of obtaining the tickets for Wicked was simple; the hardest part was deciding on which great restaurant to have dinner at, which was also included in the package. The only complaint I would have is this great weekend in New York went by too FAST!!! I would recommend anyone to bid on a Winspire Vacation package or any not for profit organization to purchase Winspire Packages, you cannot go wrong!"

St. Mary Hospital Foundation, Apple Valley

"We began including the 'No Risk Auction Items' in our event in 2000 and wouldn't dream of putting on an Auction today without them! Not only do our guests love the variety of the packages and the ease of ordering them, but Winspire's staff has been wonderful in providing technical assistance in producing our events. They are easy to work with and are, all in all, a great team!"

Diablo Valley Montessori

"Winspire has added a much higher level of sophistication to our event. Our parents have come to expect amazing travel packages which are affordable! The no-risk advantage will keep us coming back year after year."
