

# Wholesale Nursery General Manager Position Available

Fox Ridge Nursery is a wholesale nursery covering 440 acres in Harvard, IL. Over the last 30 years, our dedication to quality has allowed us to grow our operations and hone our reputation as one of the premier wholesale growers in the Midwest.

Our farm currently has over 215 acres in production, including field grown Trees and Ornamentals from 1.5"-2.5", Evergreens from 4-8' and Heavy specimen Shrubs from 4'-6'.

We hold our material, customer service and knowledge to the highest of standards and are looking for an innovative, experienced general manager to take the business to the next level.

Ideally, this individual will be able to manage and plan for exponential growth, while simultaneously overseeing growing operations. We have a great team in place, and are searching for a super star leader to maintain our trajectory through the use of data driven business planning and execution.

## Job Duties and Responsibilities

- Supervise all business and horticultural operations, including shipping
- Support & manage growing manager and staff
- Plan for short and long term planting blocks, production schedule, planting plan and oversee all growing operations, following the guidance of the growing manager
- Develop and execute annual marketing plan
- Responsible for all finances including expenditures, monthly P&L, procurement and payroll
- Create and adhere to annual budget
- Oversee all HR operations
- Manage outside sales team and all sales operations and processes

## Experience Requirements

- 5+ years business management within horticultural or green industry
- Experience interpersonal leader and staff manager
- Tech savvy, entrepreneurial outlook
