Your membership investment in the association is not tax deductible as a charitable contribution. It may be deductible as an ordinary and necessary business expense. Consult your tax advisor. Even though your dues may be tax deductible as a business expense, 35% of each members' dues are non-tax deductible because of federal lobbying laws.

Membership Categories

Active Members

Active members are Illinois firms engaged, in some manner, in the sale, installation or care of horticultural plants for the landscape. This includes growers, retailers, landscapers and irrigation contractors. There are three (3) levels of dues based on the company's gross revenues from the preceding year. All Active member firms are entitled to vote on association matters.

Allied Members

Allied members are manufacturers and distributors of horticultural equipment and supplies, industry support services, and out-of-state growers, retailers, and landscapers. Dues are fixed. Please note: Allied members are entitled to vote on association matters. Allied membership is not available to firms eligible for active membership.

Associate Members

Associate members are individual members. Employees of member firms, educators, government officials and others who are somehow associated with the green industry are eligible. Dues are fixed. Associate membership is not available to any person eligible for active or allied membership.

Branch Designations

Active members that have branch locations pay the branch location fee to have all additional locations included in their active membership. There is no limit on the number of locations that can be included. The \$100 branch fee is only paid once regardless of the number of locations. It is the company contact's responsibility to make IGIA aware of branch location employees to include in membership. The branch location benefit has become critically important as our legislative activity has ramped up and we create member maps by district to demonstrate our industry footprint; in addition to promotional tactics that drive traffic to our member locator.

Retired Members

Retired Members are individuals that have officially sold their business or who are not actively engaged in day-to-day operations of the business, serving previously as an "active member" as set forth under the guidelines of active membership. Retired members shall be entitled to the privilege of the floor during open meetings but shall not be entitled to vote.

Student Members

Student Membership shall be for full time students studying horticulture, the landscape field, or a related profession. Student members are not entitled to vote.

Mission

To help strengthen the position of our member businesses by offering industry certification, distinctive opportunities for education and networking, legislative and regulatory representation, and other member services. Incorporated in 1925, IGIA is dedicated to the protection and enhancement of the nursery and landscape industry. Join today and discover what others already have, helping us to ensure the nursery and landscape industry of Illinois remains viable for years to come.
